

DEPARTMENT OF THE NAVY

NAVAL AIR STATION
ALAMEDA, CALIFORNIA 94501-5000

IN REPLY REFER TO:
5090
Ser 015/E131
1 December 1993

Steven R. Ritchie
Executive Officer
California Regional Water Quality Control Board
San Francisco Bay Region
2101 Webster Street, Suite 500
Oakland, California 94612

Dear Mr. Ritchie:

In response to your letter of 29 October 1993, we are submitting the Revised Final Workplan for an Ecological Assessment as enclosure (1). The May 1992 Workplan includes the area of the Skeet and Trap Club. The Ecological Assessment included sampling of sediments in the bay near the skeet range. The Workplan is forwarded for your review of its fulfillment of the requirements of the Order.

The field work for the Ecological Assessment was completed in 1993. The Ecological Assessment has been under review by Mr. James Nusrala of your office. We requested in our letter 5090 Ser 015/E119 of 30 September 1993 that the skeet range be added to a list of Solid Waste Management Units under investigation to be included in a Federal Facility Site Remediation Agreement to be signed by the Navy and the California Environmental Protection Agency.

We request that compliance requirements regarding the Order for site cleanup for the Skeet and Trap Club be coordinated through Mr. Nusrala of your office.

The NAS Alameda point of contact is R. Cate, Code 0152, at (510) 263-3716.

Sincerely,

A handwritten signature in black ink, appearing to read "M. L. Petouhoff", is written over a large, stylized "X" mark.

M. L. PETOUHOFF
By direction of the
Commanding Officer

Encl.
